PROFESSIONAL SUMMARY

Passionate Computer Science student and Full-Stack Web Developer with hands-on experience building responsive websites, secure authentication systems, REST APIs, database-driven applications, email marketing templates, and graphic designs. Skilled in creating user-friendly digital experiences and visual materials while solving real-world problems with modern web and design technologies. Passionate about continuous learning, cybersecurity, creative design, and scalable digital solutions.

TECHNICAL & CREATIVE SKILLS

Programming: JavaScript, HTML5, CSS3, SQL

Frontend: React.js, React Router, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT, Bcrypt

Database: MySQL, mysql2

Graphic Design: CorelDRAW, Marketing Flyers, Branding Materials, Visual Design

Email Marketing: Mailchimp, Klaviyo, Responsive HTML Emails, Automation Workflows

Tools: Git, GitHub, VS Code, Postman, Thunder Client, npm, Vercel, Render, Dotenv

PROJECTS

SwiftTopUp – Airtime Purchase Platform: Node.js, Express.js, MySQL, JWT, Bcrypt. Registration/login, wallet management, airtime purchase, transactions, and protected APIs.

Admin Dashboard: React dashboard with protected routes, transaction search, user management, and React Router.

Interactive Birthday Website: Responsive website with countdown, music, fireworks, and confetti; deployed on Vercel.

Romantic Interactive Website: Multi-page responsive website with animations and audio.

Responsive Email Templates: Built responsive campaigns for Mailchimp and Klaviyo.

Graphic Design & Branding: Created marketing flyers and branding materials using CorelDRAW, focusing on visual presentation and brand communication.

EDUCATION

Lagos State University (LASU)
B.Sc. Computer Science Education
Relevant Coursework: Data Structures & Algorithms, Operating Systems, System Analysis & Design, OOP, Database Systems, Networking

SIWES EXPERIENCE

Computer setup and configuration, network troubleshooting, hardware installation, technical support, Packet Tracer simulations, and ICT administrative support.

SOFT SKILLS

Problem Solving • Team Collaboration • Communication • Time Management • Critical Thinking • Fast Learner • Attention to Detail • Creativity

CAREER OBJECTIVE

To secure a Software Engineering, Full-Stack Development, Web Development, IT, or Creative Design role where I can apply my knowledge of software development, databases, APIs, digital design, and modern technologies while continuously learning and contributing to impactful projects.
